

# SAFETY FIRST in your workplace

Active8 have taken very important steps to safeguard our employees and customers by implementing 'Rapid Workplace Tests' for our employees. Tests are programmed to take place twice a week.

We hope this action will bring reassurance and help on the road to recovery.

Thank you for your custom and please stay safe.

Best regards

Active8 Managed Technologies

## More services from Active8

You may not be aware that we also offer services in **Telephony** and **IT services**. We have developed a range of solutions in these sectors and would welcome the opportunity to talk to you. You can reach us on **0333 999 7355**.

### Telephony

Active8 will bring you the benefits of the latest technology, transforming your voice communications and ensuring you receive the most cost-effective solution, bringing a significant reduction in your total cost of ownership. You can enjoy free and unlimited calls to UK landlines and mobiles. Our technical teams are always available to assist with any concerns over operation or maintenance.

### IT Services

Efficient and up to date IT underpins every aspect of a business of any size. Active8 provide first-class IT support services, designed to provide rapid response, high availability and minimum disruption to your business.
